Joint Fires Staff Officers Course (JFSOC)

Course No: 409/137

| Aim of Course | Outline of Syllabus | Remarks |
|--|---|---|
| <p>To address the joint fires training shortfall for Staff Officers by delivering all the Joint Fire systems enablers.</p> | <p>The course emphasis is Joint Fires from Brigade to Battle Group level across the spectrum of operations; but concentrating on high intensity warfighting at BG level. The course provides an introduction to Land Component Joint Fires Integration and the Targeting Process; it includes lectures on Artillery, EW, Mortars, CCA, Air and NGS systems and their capabilities, constraints and planning considerations.</p> | <p>This course is valuable pre-employment training for mortar officers, recce regiment squadron operations officers, battlegroup staff and those SO2s and SO3s involved in Joint Fires at Bde level. The course does not include live firing.</p> |
