XXX,

If you look at the end of the article, it lists several wikileak domains – I have submitted these to BT for blocking, but as you say, we probably will not find them all!!!!

XXX,

The [Wikipedia article on Wikileaks](#) is interesting – looks as if it might be quite tricky to block. Although blocking it will solve any of our problems, we should certainly attempt to do so

XXX,

According to my helpdesk:

There is thousands of things on here, I literally mean thousands. Not just uk MoD but other places as well. Everything I clicked on to do with MoD was restricted which then had links within that and then links again and so on. It is huge.

Please treat as urgent

As discussed, could you please investigate these two items and , if possible, see what else MOD may have published to the world via this website.

Many thanks

XXX,

Good Morning, you do get in early! Once again many thanks for your presentation yesterday.

The Google search I made was for – Wikileaks ISTAR

This took me to this page:

[http://wikileaks.org/wiki/UK\\_Intelligence,\\_Surveillance,\\_Target\\_Acquisition\\_and\\_Recon\\_ISTAR\\_handbook\\_2002](http://wikileaks.org/wiki/UK_Intelligence,_Surveillance,_Target_Acquisition_and_Recon_ISTAR_handbook_2002)

Also just having had a quick look around, this may be of as much (if not more) concern:

[http://wikileaks.org/wiki/UK\\_Tactics\\_for\\_Iraq\\_and\\_Afghanistan\\_2007](http://wikileaks.org/wiki/UK_Tactics_for_Iraq_and_Afghanistan_2007)
