## TACTICAL EXPLOITATION OF THE ENVIRONMENT

### Aim of course

To enable students to become specialists in the tactical exploitation of the environment.

### Outline syllabus

The course has three phases:

- ◆ Phase 1. Three weeks classroom instruction dealing with TEE in AW, UW and Littoral
- ◆ Phase 2. Two weeks practical phase, putting into practice skills taught in phase one as well as a practical REA exercise
- ◆ Phase 3. Sea assessment as part of the PWO Advance Phase Sea Week (APSW) supporting PWO students and the command afloat

### Related Courses

HM Common Course.

### Entry standards

- ◆ Academic standard to be equivalent of 5 GCSEs, including Mathematics and English and 2 "A" levels
- ◆ Oceanography training to be at level equivalent to that within HM1 Career Course
