## CBRN Defence Science Course No: 402/004

Aim of Course	Outline of Syllabus	Remarks
<p>This course is designed for all those interested in the science behind CBRN defence. It is the only course of this nature run in the UK.</p> <p>The aim of the course is to train students in the science and technology of CBRN defence. The first week is spent at the college studying the theory of the subject by lectures, discussion and private study.</p>	<p>The course includes a visit to Defence CBRN Centre and one to Dstl Porton to study current development and research. No particular pre-course reading is required: the entry instruction is designed to cater both for students with some knowledge of the subject matter and those unfamiliar with it.</p> <p>Students should bring old clothes/military working dress for the day at Defence CBRN Centre.</p>	<p>Capacity is 20 personnel.</p>

Rank Range	Entry Standards	Duration	Qualifications gained	Frequency
	None specified	2 weeks		2 courses per year
